

BIOLOGICAL STICKS

渠管清潔保養生物棒 (12條裝)

12 x 2gr

DESCRIPTION :

Mixture of enzymes and non pathogenic microorganisms. Ideal for the maintenance of your water evacuations. Degrades food waste, fats, and organic material present in your pipes. Prevents obstructions and bad smells in the kitchen or bathrooms. 100% ecological and harsh-chemical free.

INSTRUCTIONS FOR USE :

Once a month, insert a stick through the strainer into the trap of the sink drain or basin. The successive flows of water will continuously release the active ingredients and will provide a permanent maintenance of the pipes. After a month, the stick is completely dissolved and drained so the operation can be repeated.

產品簡介

主要成份: 酵素、非致病微生物

功能: 防止渠管淤塞和臭味問題；持續降解渠管內的食物殘渣、油脂及臭味分子。

作用原理: 產品中的酵素和非致病微生物被渠管的水流沖刷釋放出來，持續發揮清潔及保持渠管暢通的功效。產品在一個月後會被完全溶解和排到下水道。每月重覆使用一條生物棒產品，可以延續保養功能。

注意事項: 不要與抗生素、強酸、強鹼及漂白劑一起使用。

使用方法: 從包裝中取出一條產品，經鋅盆/洗手盆/浴缸的排水口，直接插入到渠管下層的隔氣裝置內。產品會停留在此位置約一個月。
